## Helpful Terminology

Before explaining John of God and the Casa de Dom Inacio, it will be helpful to have familiarity with some basic terminology:

- *Healing* – Bringing the spiritual, mental, emotional and physical bodies into harmony and balance to alleviate the occurrence of dis-ease on all levels. A cure only focuses on alleviating the physical symptoms of dis-ease.
- *Spirit* – The part of the soul that is beyond our physical body. A spirit never dies. A spirit can be of a high or low intention.
- *Medium* – A person who is a conduit between the spiritual realm and material realm, and employs mediumistic abilities in a direct and useful manner to bridge the gap between these two realms. Two common forms of mediumship are writing and verbal communication.
- *Incorporation* – When a spirit comes into a physical body. Your spirit is incorporated in your physical body in this lifetime or incarnation.
- *Reincarnation* – The belief that the soul, upon death of the body, comes back to earth in a new physical body.
- *Spiritism* – A science, a philosophy, and a religion which teaches us about our eternal lives, as spirits created by God, including: our origin and the process of evolution through reincarnation; our relationship and means of communication with God and the discarnate beings of the spirit realm; and the moral and physical laws that govern life. ## John of God

João Teixeira de Faria was born on June 24, 1942 in the State of Goiás in central Brazil. He was raised Catholic, knew a life of poverty and hunger, and only went to school for 2 years. He cannot read or write. His father trained him as a tailor in order to help support the family at a very young age.

At the age of 9, St. Rita of Cascia appeared to João on a cloud. She instructed him to go to a church in a nearby town. Upon arrival at the church, he incorporated the highly evolved spirit of King David and healed many, though had no memory.

João is a full "unconscious" trance medium whose abilities have been documented by scientists and medical doctors. He was given the name "*John of God*" by his mentor and friend Medium Francisco Candido Xavier (1910–2002), the most prolific and most loved psychographic (writing) medium in all of Brazil.

Medium João is currently 68 years old and lives with his wife Ana in Anapolis, 230 kilometers from Brasilia. Medium João has never charged for his healing work. For 54 years, he has dedicated his life to his mission as a medium to serve God and help humanity. Medium João has never taken credit for any of the healings. He is only the vessel through which God and highly evolved spirits work. Medium João always states: "*I do not heal. It is God and the good spirits who heal.*"

## **Casa de Dom Inacio**

The Casa de Dom Inacio de Loyola (House of St. Ignatius of Loyola) is the spiritual center of John of God where people from all over the world go for healing of the physical, mental, emotional and spiritual. The Casa is based on the principles of spiritism. Thousands of people from all over the world file before John of God each week. Everyone is treated equally. Most people who come to the Casa share an underlying belief in God/Source/Universe/Creator. God's unconditional love is palpable at the Casa.

The Casa de Dom Inacio is located in the town of Abadiania, about 1.5 hours from the capital of Brasilia. The land on which the Casa is located is a powerful vortex of energy and a portal between the material and spiritual realms. The Casa exists to help humanity through God's love and the healing that comes from that energy.

The triangle is the symbol of the Casa. It represents the Trinity. The three sides of the triangle stand for Faith, Love and Charity. The center of the triangle symbolizes God's energy.

## **Casa Spirits of Light**

There are many thousands of compassionate spirits of light that work at the Casa de Dom Inacio. These spirits are referred to as "the Entities" of the Casa. The Entities are highly evolved spiritual beings who support the Casa Mission to help humanity through the work of John of God who allows the Entities to take over his body three days a week at the Casa. Upon incorporation of an Entity, John of God's consciousness goes to sleep and he recalls nothing until his consciousness is returned to his physical body.

Only one spirit can incorporate in the physical body of John of God at any given time, but there are many other spirits that are giving their time and energy to the work during a Casa session and beyond. The spirits are constantly supporting the healing work. The spirit Entities were saints, priests, or doctors when incarnated during their last lifetime and will never reincarnate. As the spirits lovingly help humanity through service, they evolve in the spiritual realm.

The patron of the Casa is St. Ignatius of Loyola, referred to as Dom Inacio. He is known for establishing the Society of Jesus, also known as the Jesuits, and he had the gift of healing touch. He continues his healing work in the spiritual realm. All healings at the Casa are overseen by St. Ignatius. St. Francis Xavier, who worked with St. Ignatius when incarnated, assisted in expanding the Jesuits in Asia. St. Francis Xavier is one of the main Entities that often incorporates in John of God at the Casa. The four main Entity doctors that incorporate in John of God are: Dr. Augusto de Almeida, Dr. Oswaldo Cruz, Dr. Jose Valdevino and Dr. Jose Penteadó. There are a total of 46 spirit Entities that have incorporated in John of God. It is not unusual for several Entities to show up during a single session, switching in and out without being noticeable. When people go before John of God, they speak to a spirit Entity and not the man himself.

## **Healing**

Not everyone is able or feels the call to travel to the Casa de Dom Inacio in Brazil to see John of God. Those who make the trip to Abadiania receive extremely deep healing work due to the high energy frequencies located at the Casa.

There are two ways that anyone can receive healing by the Entities of the Casa without traveling to Brazil: 1) Send your photo with a Casa group leader to present the photo to the Entity for healing; or 2) John of God Crystal Light Healing Bed Therapy sessions.

If you send a photo to the Casa and request healing, the Entity will write an energetic prescription. This energy which is unique to you gets imbued into passion fruit plant herbal supplements. A simple protocol of no alcohol, pork or spicy food (black pepper, chilis, etc) is to be followed while taking this herbal remedy. At least 50% of the work toward a person's healing is done by the person themselves. A person must take responsibility for their healing and their life. Often, the easy part of this work involves taking the herbal remedy. The more difficult work involves changing mental or emotional patterns and making lifestyle changes to support the healing process. The healing energy in the herbs may trigger a person's emotional and mental issues, which surface in order to be released and healed.

The John of God Crystal Light Healing Bed is an extension of the healing work done at the Casa in Brazil. This healing modality only comes from John of God. The Entities of the Casa can do healing work on a person while they are receiving a session with the crystal light healing bed. The combination of crystal therapy, chromotherapy and the spiritual healing by the Entities makes this a unique healing modality to restore balance to all the energetic bodies, thereby promoting healing on all levels. At the Casa, the Entities frequently send people to the crystal light beds to receive a specific number of sessions in order to prepare them for their next phase in their healing process.
