

John of God and the Casa de Dom Inácio

In November 2008, I took my first trip to Abadiânia Brazil for a spiritual journey to the Casa de Dom Inácio where João Teixeira de Farias, commonly known as John of God in Brazil and worldwide, has his healing center. My very first trip to Brazil had been in 2000 and I had felt completely at home when I set foot on the land. In August 2008, I was given the message from Archangel Gabriel that the reason for my November trip to Brazil was to wrap up a 9 year cycle of growth. I already sensed that my journey to John of God and the Casa would be the beginning of a new life for me. Also, my birthday being in November meant the ending of my year. I had no idea how my life was about to change.

João Teixeira de Farias is “The Medium” at the Casa de Dom Inácio. He is a full-body trance medium who began his life of spiritual service to humanity at age 9. For 52 years Medium João has been fulfilling his life mission to help humanity. There are multiple Casas in Brazil and one in Australia. Dom Inácio (Saint Ignatius of Loyola) is the patron saint of all the Casas and oversees all healings. Of course, God is ultimately in charge.

Medium João allows Beings of Light, referred to as the “Entities” to borrow his body for their mission to heal humanity. This work of a medium is known as incorporation. Medium João has been documented to incorporate up to 33 different entities. He sometimes switches entities without anyone being able to tell during a single session. The incorporation happens literally in the blink of an eye.

Every Wednesday to Friday, the Casa de Dom Inácio in Abadiânia has a morning and afternoon session in which Medium João incorporates the Entities. Only one Entity is incorporated at any given time. It is these Entities who interact and heal the public who visit the Casa. Medium João says that he goes to sleep when an Entity’s soul comes into his body. Only one soul can inhabit the physical body at any time. He remembers nothing about the Casa sessions.

Medium João performs a valuable service, nevertheless he is only a humble servant of God. Many people who go to see John of God (Medium João) do not understand the difference between the humble servant performing a service versus the Entity doing the healing through the vessel supplied by the man. Medium João always says *“I do not heal anyone. The one who heals is God, who in His infinite goodness allows the Entities to use me as a tool.”*

While at the Casa, I’ve heard many people state that Medium João spoke to them. What happened was the person went before the Entity who was incorporated in Medium João’s body during a session. The Entity spoke to the person and gave instructions. When Medium João incorporates an Entity, he is not in his body. He is only a vessel for the Divine energy.

The eyes reveal which “soul” inhabits the physical body – the man Medium João or an Entity. The personality also reveals which Entity is incorporated. During my trip in November 2008, I spoke to at least two different Entities. There was one who was very serious and acted like a sheriff. I found out later this was Dr. Augusto de Almeida.

Another Entity's energy and entire face, especially his eyes, radiated unconditional love. I found out that this was Dr. Oswaldo Cruz.

In November, one of my requests to the Entities was to help me transition out of my information technology (IT) career in order to do my spiritual work fulltime. "*You get what you ask for. You don't get what you don't ask for.*" I knew that whenever I returned to the Casa in 2009 I would not be returning to corporate life. Three months after my request, I left my IT career permanently.

In March 2009, I returned to the Casa with a few Lightworker friends. During my first visit to the Casa, I had intuitively known that I was a Casa guide and Daughter/Medium, but I had not wanted to ask. In March, I knew I had to go before the Entities and ask permission. During my first two days, I went before the Entities with my requests. They confirmed me as a Casa guide and said that I already was a Daughter of the Casa. When a person is recognized as a Son or Daughter of the Casa, the Entities acknowledge them as having a deep connection to the Casa mission.

I went before the Entity Dr. Augusto de Almeida in a morning session. I knew it was him because he had announced himself in the Main Hall after performing several physical surgeries while being videotaped by a TV crew. I had brought 11 people's photos who had requested healing by the Entities. Dr Augusto scanned each photo and wrote herbal remedy prescriptions for each while asking me what type of work I do and who brought me to the Casa. I told him I did energy work and that I came alone with my first small group. He said I was to go to Medium João after the session.

After the session, I sat outside Medium João's office with no idea how my life was about to change. I can only tell you that while in his office, I was told that Saint Ignatius of Loyola has been with me as my protector for a long time and that I will someday live in Brazil. None of that was a surprise to me. Since my first trip to Brazil in 2000, I felt so much at home that I just knew someday I would live in Brazil but didn't know how or why. My connection to the Casa answered both those questions. Medium João said to have lunch at the Casa and then go to the sacred waterfall before returning to his office.

Medium João is an extremely compassionate, generous and humble man. I saw him laughing and totally relaxed during a 45 minute interview with the TV crew in his office in the afternoon. I witnessed the servant. I saw Medium João incorporate in front of me to prepare for the afternoon session. His eyes and personality changed in the blink of an eye. I had a moment of perfect clarity regarding the difference between the service and servant. I felt humbled by the experience.

I feel called to invite all Lightworkers and those on a spiritual journey to experience the Casa de Dom Inácio. Get healed and prepare for the work ahead.

Love & Light!
